

TEAM LEADER AGREEMENT

Homix Living Inc. | Version 2.0-candidate | New York

LEGAL-REVIEW CANDIDATE - NOT FOR PRODUCTION SIGNING

This Team Leader Agreement supplements Team Leader's completed Agent Affiliation Agreement with Homix Living Inc. and does not create a separate brokerage, employment relationship, partnership, franchise, or authority to bind Company. The Team and every licensed Team Member must be associated with the same licensed brokerage.

Legal company	Homix Living Inc.	Company address	110 Charlton St #A, New York, NY 10014
Team Leader	[agent_name]	License number	[license_number]
Team name	[team_name]	Expected members	[expected_member_count]
Team positioning	[team_positioning]	Required plan	[compensation_plan]

1. Eligibility and appointment

Appointment requires an Active Agent account, completed onboarding with the same Company, Solo Pro, Company approval of the application, completion of this Agreement, and Company countersignature. Portal records the Team in forming status until activation conditions are complete.

2. Legal Team boundary

Team Leader.companyId, Team.companyId, and every Team Member.companyId must match. The Team may not recruit or hold out a licensee associated with another brokerage as a member. Shared branding may use a non-legal internal team_group with separate entity-specific Teams and agreements.

3. Activation

After this Agreement, Portal may permit entity-locked invitations. The Team becomes Active only after the first approved Team Member completes the applicable Agent Agreement and all Company activation conditions. Company may pause or deny activation for compliance, licensing, payment, or operational reasons.

PAGE 2 | REQUIRED ACKNOWLEDGEMENT

Team compensation configuration**Team Leader personal-production plan (read-only): [compensation_plan]**

Team name	[team_name]	Terms effective	[team_terms_effective_from]
Standard Team Split	[team_split_pct]% of Agent Side	Team-sourced Split	[team_sourced_split_pct]% of Agent Side
Annual Team Cap	[team_cap_usd]	Configuration version	[team_config_version]

Calculation and versioning

For Team Members, source economics are calculated first, Company Dollar next, and Team Split from Agent Side. Company Cap and Team Cap are separate ledgers. Sponsor Reward and Team Split are separately calculated and reported even when Team Leader is Sponsor.

The configuration is effective-dated and prospective. An executed, effective, or transaction-used version may not be edited in place. Changes require a new Portal version, date, audit history, policy validation, and required acceptance or addendum. Team Leader may propose permitted Split and Cap values; Company retains final approval and emergency suspension authority.

Recruiting and Sponsor attribution

A Team recruiting link locks Company, Team, Team Member plan, current configuration, and Sponsor. Sponsor defaults to Team Leader but may be another Active Agent on the same Team who recruited the candidate. A personal referral Sponsor remains separate when the candidate later joins this Team. Team Leader acceptance does not replace final Company approval.

[] I accept the locked Team configuration, understand that my personal plan is Solo Pro, and understand that Sponsor Reward and Team Split are independent obligations.

Team Leader initials: _____

PAGE 3 | OPERATIONS AND COMPLIANCE

Team Leader duties and Company oversight

1. Recruiting, onboarding, and supervision

Team Leader will provide commercially reasonable recruiting support, onboarding guidance, workflow supervision, training, transaction escalation, and coaching consistent with Company policy. Team Leader will not promise affiliation, guaranteed income, guaranteed leads, an unapproved compensation arrangement, or a Sponsor reward outside the Company program.

2. Compliance and advertising

Team Leader will support accurate records, transaction-file submission, fair housing, agency disclosure, advertising compliance, cybersecurity, and approved forms and systems. Team names and advertising must identify the brokerage as required by 19 NYCRR 175.25. Only Company and Broker exercise final supervision and approval.

3. Escalation

Team Leader will promptly escalate licensing issues, complaints, claims, fair housing concerns, escrow or funds issues, advertising violations, defective files, conflicts, suspected fraud, privacy incidents, and matters requiring brokerage oversight. Team Leader will not provide legal or tax advice unless separately qualified and authorized.

4. Data access and confidentiality

Access is limited to information reasonably needed to manage the Team. Team Leader may not access W-9 forms, ACH or bank details, payment-card data, administrator notes, evidence packages, SSN, or restricted personal data except through an authorized role and documented purpose. Confidentiality, security, and retention requirements continue after the role ends.

5. Broker authority

Broker retains final authority over licensing sponsorship, compliance, advertising, transactions, Company compensation policy, Team configuration ranges, Team status, access, and discipline. Company may pause recruiting, suspend privileges, require corrective action, or deactivate the Team for compliance, risk, nonpayment, inactivity, policy breach, or protection of clients and Company.

PAGE 4 | REQUIRED SIGNATURES

Term, changes, and execution**1. Team changes and termination**

Membership changes, transfers, Team Leader replacement, merger, closure, and material compensation changes are prospective and require Portal records, Company approval, and any required agreement or addendum. Ending Team Leader role does not itself terminate Agent affiliation. Historical transactions remain governed by frozen facts and versions.

2. Entire agreement and governing law

This Agreement, Agent Affiliation Agreement, locked Team Compensation Configuration, Team Member agreements, written policies, and signed addenda govern the role. No oral statement modifies them. New York law governs. If a provision is unenforceable, the remainder remains effective.

3. Final acknowledgement

Team Leader confirms that the legal Company, required Solo Pro plan, Team configuration, Sponsor rules, activation conditions, role boundaries, data restrictions, and Company oversight were disclosed. Company countersigns manually only after administrator review. Recruiting privileges are not effective until Portal verifies all signatures and Company approval.
